

March 2018

Department of Accounting Job Market

We posted a position on official web sites and attended the Madrid Accounting Talent Workshop plus Miami Accounting rookie camp.

We received 40 applications.

Members of the junior recruiting committee reviewed applicants according to their expertise. We evaluated candidates under 3 headings:

1. Interview in Madrid
2. Interview in Miami
3. Interview at Bocconi

The committee voted to have 6 fly-outs.

Marti Guasch: From a Spanish University gave a good seminar and clearly had the ability to be a very good teacher. Some colleagues had questions about his job market paper and it was decided to make him a reserve candidate.

OMISSIS

We returned to contact Guasch. By this time he had already accepted an “exploding” offer from another University.

In the circumstances we decided not to fill the post.

Miles B Gietzmann

Head of Department

Department of Accounting

University of Bocconi
