

ASSISTANT PROFESSOR POSITIONS ANNOUNCEMENT

Department of Decision Sciences
Bocconi University, Milan, Italy

Università Bocconi, Milan (Italy, www.unibocconi.eu) invites applications for tenure-track positions at the junior faculty level in the Department of Decision Sciences.

There will be a special emphasis for the areas of:

- Applied Mathematics/Optimization
- Decision Theory and Game Theory (theoretical and experimental)
- Decision Analysis and Risk Analysis
- Machine Learning and applied Computer Science
- Probability Theory
- Quantitative Methods for Operations Research
- Statistics (Theory, Methods and Applications)

and related fields.

Knowledge of Italian is neither required nor advantageous. Responsibilities include teaching and, most importantly, productivity in research. Preference will be given to the most qualified candidates independently of their specific field of research. Applicants should have— or be close to completing —a Ph.D. and proof of having established potential in research and teaching.

Contracts will run for up to eight years (with one paid sabbatical year and subject to renewal after the first three years). There is the possibility of promotion to a tenured position by the end of that period. Compensation and teaching load will be competitive with other top European Schools.

Application must be submitted online at www.unibocconi.eu/jobmarket.

Candidates whose fields of interest are in the broad area of Operations Research and Management Science may be interviewed at the 2017 INFORMS meeting, to be held in Houston, October 22-25, 2017. Such candidates must send their applications by October 15th 2017, through the online form at: www.unibocconi.eu/jobmarket.

Candidates whose fields of interest are in Decision Theory and Game Theory (theoretical and experimental) and related fields must send their applications by December 1st 2017, through the online form at: www.unibocconi.eu/jobmarket.

Applications must in any case be received by **January 7th 2018** in all fields.

Bocconi University is committed to increasing the diversity of its faculty. Applications are particularly welcome from women and members of groups who are under-represented in academic posts
